

# VERGE

The VERGE global event series focuses on the technologies and systems that accelerate sustainability solutions across sectors in a climate-constrained world. This map depicts the VERGE ecosystem, including examples of companies active in each of its tracks. It is not intended to be comprehensive. Many of these companies could appear in multiple or even all of the tracks. For more information, visit [www.greenbiz.com/VERGE](http://www.greenbiz.com/VERGE).
